2 of 2 people found the following review helpful.

Into the harsh intensity of the ancient world.

By Suzanna Byrne

This book is a classic and its author does not mince his words. He explains the meaning and integrity of the ancient works, discusses the authors within the context of their own time, and provides an excellently clear if pedantic understanding of ancient classical literature. He is not afraid to admit that some of the plays may be less important than others but in all cases, he offers a fair and well-supported argument. His discussion of Euripides' "Helen" for instance, is plausible and well stated and is compared eloquently with "Iphigenia in Tauris".

This is a book that appeals to the intermediate level of study of classical literature, it is very readable, and it is well sourced. This is a book for the interested person but one who does not need nor want to be burdened by too much technical detail.
