Anyone with suspicions about the fairy tale tag "They lived happily ever after" will have them confirmed here. The latest translation of Mahfouz (winner of the 1988 Nobel Prize for Literature) is a clever, witty concoction that begins on the day following the *Thousand and One Nights*, when the vizier Dandan learns that his daughter, Shahrzad, has succeeded in saving her life by entralling the sultan with wondrous tales. But Shahrzad is miserable and distrusts her husband, who, she suspects, is still capable of bloody doings. All is not well outside the palace either, where a medieval Islamic city teems with anxious souls. Many of them, like the devout Skeikh Abdullah al-Balkhi, strive to attain a high spiritual station, but few succeed, especially when genies and angels intervene, as they do often in this series of linked intrigues and adventures. Mahfouz succeeds splendidly with this fantasy, which should appeal to a wide readership. [Mahfouz is recovering from an October 14th Knife attack by alleged Islamic militants.-Ed.]-Starr E. Like 1001 Nights, but 3d/modern

By Bruno Vetter

I read this to be able to tutor someone who had to read this for a class. It's pretty enjoyable. It's a lot like 1001 Nights, but in a contemporary form - not helpful I know. The characters are much more 3d; you get to see inside their heads.

Illusion or Reality?

By M. A. ZAIDI

I found myself distracted with a nagging question whether the narration was an illusion or reality. The novel is a loosely set of tales, where each chapter is self contained describing the experiences of a character. The plot converges at the 'Cafe of the Emirs'. The characters are faced with an adventure in which they appear to find more about themselves. In this adventure they are tempted with their weakness, there is a self struggle where they determine to take the path of choice. It is this path which can lead to their destruction or bliss. The apparent conflicts are in the nature of corruption, self righteousness, lust, greed.

This is my second read from Naquib Mahfuz, he boldly exposes the true realities and choices one faces and makes in every day life. Due to this i found the book somewhat depressing.

A Delightful Epilogue to 1001 Nights

By Michael Akard

The book is very readable and not too long, and the translation is excellent. Starting where the traditional Arabian Nights' Entertainment leaves off, Mahfouz cleverly describes surprising events in a world in which "jinn" (genies) are actively involved in the affairs of mankind. The tale is very enjoyable.

But on another level, Mahfouz indirectly poses a more philosophical query: to what extent am I responsible for my actions, and if I err, to what extent can I blame circumstances, outside interference, and my inherent weakness as a human being? And if a very wicked person repents of his evil deeds, how much forgiveness is he entitled to in this world?

I recommend the book.
