Bevill to enhance your conversation?

Today book Black Moon By C.L. Bevill our company offer below is not kind of usual book. You know, reviewing now does not indicate to take care of the printed book Black Moon By C.L. Bevill in your hand. You can obtain the soft file of Black Moon By C.L. Bevill in your gizmo. Well, we suggest that the book that we proffer is the soft file of the book Black Moon By C.L. Bevill The content and all things are exact same. The distinction is only the kinds of guide Black Moon By C.L. Bevill, whereas, this condition will precisely pay.

BLACK MOON BY C.L. BEVILL PDF

Donovan is a werejaguar sworn to fight against his enemies, the dreaded werewolf clan - the Whitelaws. Isabella is an uncommon librarian, a member of the Committee. When she faces down the Whitelaws to retrieve a very dangerous book, she encounters Donovan and their lives will never be the same. This is a novella of about 13,000 words and the first book in the Moon Trilogy. Not for minors.

Not Good

By akornroach

Isabella was a librarian for the "committee", a group guarding earth from otherworldly icons. When she learned the Whitelaws, werewolves, possessed a very powerful book that could do untold harm, she infiltrated the compound and stole it. While fleeing she was gravely injured, just as the werewolves move in for the attack, a werejaguar Donovan comes to her rescue. He has to change her into a werejaguar to save her life because she is going to die. When she awakens her body is healed and she is just as determined as ever to destroy the book. From the moment Donovan saw her he felt a connection. By the time she was turned, he knew that she was his soul mate. Isabella doesn't trust him with information about the book but does have sex with him moments after learning she was turned into a werejaguar.

Black Moon had potential but failed miserably. Normally I overlook grammar, usage, ect errors but this novella was riddled with them. In many places, the author used a noun and pronoun together such as "Donovan he....." The kindle formatting is awful. The close word repetition was enough to have me going a little crazy and where the author varied her usage it was often done poorly as if she clicked the thesaurus button and randomly picked a word.

Granted this was a novella it lacked any depth. The characters were boring at best and had no real likable qualities. There was very little dialog and what little there was did not flow. The sex scene was so poorly written I ended up skipping half of it. I quit reading at 84% because it was just too boring. There was not one point in the story that peaked my interest or left me feeling like I had to keep reading.

Why is this a trilogy?

By Bob

It is a very short story and as part one of a trilogy does seem it would be better if they were combined into one book. Although a very descriptive piece of writing, with adult themes, there is little plot and it can be summarised as; a librarian steals a magic book, she is followed by werewolves, she is rescued by a werecat, the power of the book is revealed, she is turned into a werecat and the two werocats make love. To be continued.

I Wish I'd Paid Attention...

By charmdimsure

...to the other reviews. They weren't kidding. This is bad. Really bad. Thankfully, it's also very short and, best of all, it was free. If I'd paid money for it, I'd be really upset.

The author seems to be aiming for the fantasy-romance genre, but it reads like a clunky "Letter to Penthouse," if that letter was written by a high school sophomore with a pocketful of cliches. If you need a primer on how NOT to write a story, this one is your best example.
