Lisa Saunders should be happy. Her best friend is getting married to a star player from the Miami Thunder. But instead of a wedding full of sexy, single football players to pick from, she's stuck with Marc Green, the groom's brother. So much for her wedding night one night stand.

Bored with being one of the only two young singles at the entire wedding, Marc decides to make his own entertainment with his golden goddess. But can a simple game of Truth or Dare keep these two occupied, or will it turn into a hot, sexy night that neither of them will forget?

I love the confidence and the fearless sense of fun that ...

By Bea LaRocca

I love the confidence and the fearless sense of fun that both Marc and Lisa have. I also appreciated their willingness to be completely open and honest with each other despite the fact that they'd just met. The attraction between them was instantaneous but circumstances forced them to hold off on that, at least for a few hours. An impromptu game of Truth or Dare kept them both entertained, as well as most of the other guests at the wedding, until they were free to be alone together. Can what starts out as a one-night stand possibly lead to something more? Read and find out!

I did like the author's writing style, quick, honest and to the point, with an easy sense of humor that I truly enjoyed. Both hero and heroine were real and likable. There were a few mechanical issues that I found a little distracting but I still enjoyed the story!

Fun little romp!

By samantha lundergan

This was a fun short story set in the Dare universe. It was surprisingly well developed for such a short story! I was happy I gave this book a chance as I hardly ever read short stories.

Truth or dare anyone?

By Diane Carter

Quick, hot, sexy read! This novella makes me want to be a wedding crasher to look for my own hottie to play Truth or Dare with lol. I love the cross over to Carly Phillips' Dare world.
