Carrese in only soft data system that could be opened up every single time you want as well as anywhere you require without bringing this Democracy In Moderation: Montesquieu, Tocqueville, And Sustainable Liberalism By Paul O. Carrese prints in your hand.

## Review

'In Democracy in Moderation: Montesquieu, Tocqueville, and Sustainable Liberalism, Paul Carrese puts the political turbulence of the present moment in perspective. The propensity toward partisanship and polarization so conspicuous in today's politics, he observes, has antecedents in America's founding. But also present at the founding, he argues, was a sophisticated 'philosophy of moderation' that underwrote American constitutional government.' Peter Berkowitz, Real Clear Politics ([www.realclearpolitics.com](http://www.realclearpolitics.com))

## About the Author

Paul Carrese is Professor of Political Science, United States Air Force Academy. He has been a Rhodes Scholar, research fellow at Harvard University, Massachusetts, Fulbright Scholar at the University of Delhi, and a Fellow of the James Madison Program, Princeton University, New Jersey.

Democracy in Moderation views constitutional liberal democracy as grounded in a principle of avoiding extremes and striking the right balance among its defining principles of liberty, equality, religion, and sustainable order, thus tempering tendencies toward sectarian excess. Such moderation originally informed liberal democracy, but now is neglected. Moderation can guide us intellectually and practically about domestic and foreign policy debates, but also serve the sustainability of the constitutional, liberal republic as a whole. Our recent theory thus doesn't help our practice, given our concerns about polarization and sectarianism in ideas, policy, and politics. A rediscovery of Montesquieu and his legacy in shaping America's complex political order, including influence on Washington's practical moderation and Tocqueville's philosophical moderation, addresses these enduring theoretical and practical problems. Moderation also offers a deeper theory of leadership or statesmanship, particularly regarding religion and politics, and of foreign policy and strategy rooted in liberal democracy's first principles.

Wisdom and common sense of the Founders

By edward d griffith

Dr. Carrese is a deep thinker with the gift of communication with others outside his field. An Oxford Ph.D and professor at the AFA, his conservative viewpoint of the founders and their expressions has discovered

revealed for us a stratum of thinking that appears to be bedrock of the constitution, that political discourse leavened by moderation is our best course. Many other ideas are explored here, and Montesquieu appears to be a special interest of his, most welcome in an age dominated by self gratification and "my way or the highway" speeches. The timeless theme is well worth reading this true authority's treatise.
