FIRST WORLD PROBLEMS: 101 REASONS WHY THE TERRORISTS HATE US BY BEN NESVIG PDF

You are reading this on a screen. You have First World Problems.

First World Problems: 101 Reasons Why The Terrorists Hate Us is a collection of short humorous essays and rants from a man who knows suffering. It is comedy that borders on tragedy. What are First World Problems? A First World Problem is a trivial issue that afflicts people in wealthier nations declared to be in the "First World." Third World Problem "I have to walk three miles to draw water from a dirty well or else I'll die of dehydration." First World Problem "We have nothing to drink in the fridge except filtered tap water." Do you have nothing to drink except a limitless supply of tap water? Have you ever bought so much food at the grocery store that it molded before you could eat it? Did you buy an iPhone one week before the new model was announced? You're suffering from First World Problems. What follows is the graphic account of what it's like to live in the First World. Tales of unreasonably cold air conditioning, eating to the point of exhaustion, and being unable to enjoy Summer weather due to gainful employment in a bad economy.

This Book Sucks the Laughter from Your Body

By Amazon Customer

First of all... as an Amazonian (woman who buys way too many books) I'm always suspicious of the first couple of reviews if they're really good. They could be written by friends who don't want the author sleeping on their couch anymore; or people being blackmailed by the author to say something good or the details of that lost weekend in high school will be his/her next book (videos on Youtube); or the 5-starred reviewers are related to the writer.

I am not Ben Nesvig's mother. I am a real reader. This is a very funny book. Really.

I would write more except I have to go eat a couple of ice cream sandwiches because the 3-minute microwave pizza burned the roof of my mouth.

Five stars for laugh-out-loud-literature. I eagerly await the 3-D movie.

A great relatable read

By Amir Yassai

The book was so fun to read and I read it in one sitting! I was like a crazy person laughing out loud to myself. With the food issues and the annoyance with hotel beds I found myself cracking up and wanting to share with friends.

Ben's sarcastic tone a-la David Sedaris was refreshing to read. I usually read more crime thrillers and this book was a welcome change to the books I usually read.

Thanks for a great read and for making me feel better about all the times I complain about my iPhone battery dying and my iced tea being too caffeinated and all the other first world problems I complain about ruining my life!

Incredible read, just not in public.

By Strixier

I made the mistake of reading this during my daily commutes in NYC. I would laugh, out loud, in that busting-out-of-your-throat-hey-look-at-me-i'm-laughing-at-something-hilarious-while-you're-complaining-about-your-commute kind of laugh. On that first bus ride, I quietly turned off my kindle and hid my face in my scarf while trying to not laugh. By the time I got on the train, I didn't care. I was laughing like a mad person. I mean it's NYC ... crazy people are EVERYWHERE! Ben Nesvig's observations are things we all have thought at one time or another but never had the foresight to put them in a book.

EVERYONE should read this book. EVERYONE. I say, everyone who has read it, just grab your neighbors kindle and download it for them. They might be upset at first but I'm sure they will thank you later. Besides, if they didn't want you to download it, why would they keep their login information saved on their device?

Happy reading.
