"[A] bombshell book" ---Daily Mail

About the Author

Dolly Kyle, childhood friend of Bill Clinton, never expected to be dragged into a national controversy. She knew the truth about the co-presidents Bill and Hillary Clinton; she never changed her story about the affair that made her privy to behind-the-scenes information; and she was not afraid to testify. After graduating from SMU School of Law, Dolly practiced real estate law in Texas, where she was named a fellow of the Texas Bar Foundation for outstanding contributions to the administration of justice. That honor was limited to one-third of 1 percent of Texas lawyers. Dolly was the founder and executive director of Lawyers for Affordable Housing that provided pro bono legal services for low-income homeowners and for non-profit housing groups such as Habitat for Humanity. She was also a founding member of the Dallas Affordable Housing Partnership and Dallas City Homes. She is currently turning some of her housing experiences in Dallas into her fourth novel.

Teri Schnaubelt is a Chicago-based stage, on-camera, and voice actor as well as oil painter and photographer. She has voiced over 100 books for New York Times and USA Today bestselling authors, in addition to helping independent authors get their stories heard.

From usual writer to the popular one, they are all covered to supply in this website. This Hillary The Other Woman: A Political Memoir By Dolly Kyle is you're searched for publication; you simply have to visit the link web page to receive this website then go for downloading and install. It will certainly not take often times to get one publication [Hillary The Other Woman: A Political Memoir By Dolly Kyle](#) It will certainly depend on your internet connection. Simply acquisition and download and install the soft documents of this book Hillary The Other Woman: A Political Memoir By Dolly Kyle

HILLARY THE OTHER WOMAN: A POLITICAL MEMOIR BY DOLLY KYLE PDF

You think you know Hillary and Bill Clinton pretty well. After all, they have been in the public eye—from Arkansas to the White House and beyond—for over forty years.

Dolly Kyle met former president Clinton (Billy as she calls him) on a Hot Springs golf course when she was eleven and he was almost thirteen. It was *colpo de fulmine* (the thunderbolt) at first sight. Their friendship grew throughout high school and college. It became a decades-long affair that lasted despite marriages and politics all the way to the threshold of the White House—when she became a political liability, and he threatened to destroy her, as Hillary had done to so many of his other women over the years. What you know about the Clintons is probably limited to the pleasantries that the mainstream media have chosen to share with you. *Hillary the Other Woman* pulls no punches in describing the way “media magic” makes Clinton stories disappear.

Have you heard about

- The RICO (Racketeering Influenced and Corrupt Organizations) federal lawsuit that Kyle filed against Clinton and cronies while he and co-president Hillary were in the White House?
- The racial discrimination lawsuits filed by African-Americans against Clinton as governor of Arkansas?
- Clinton’s orders for the Arkansas State Police to “stop and search” vehicles driven by Hispanics?
- Thousands of young African-American men given long prison sentences under the “three strikes” laws pushed by co-presidents Bill and Hillary?
- The co-president Clintons pandering to minorities with a subtle form of race baiting with their welfare agenda?
- The racist names they call Jesse Jackson behind his back?

Hillary the Other Woman is not only about the politics of the Arkansas gubernatorial years and the famous “two for the price of one” presidency. It also provides a perspective on Arkansas life that formed the backdrop and training ground for the Clintons in their later crimes, their gangster-like threats and intimidation of political enemies, and their arrogant belief that they are above the law. You will see the connection between Hillary’s current email scandal and her shredding of documents when they left the Arkansas governor’s mansion. You will realize that the Clinton Foundation is the new international version of the money laundering and bribes that you glossed over as “Cattlegate.” You will read clear, concise, entertaining accounts that put the multitude of Clinton scandals into everyday perspective. Finally, you will be privy to the Clinton “truth suppression” techniques that allowed them to get away with all of it. Until now...

A review by a hometown woman who vouches for the truth in this book by Dolly Kyle.

By Melinda L. Baran

I can vouch for the authenticity of "Hillary The Other Woman." I lived in Hot Springs, Arkansas from the year Dolly and I were born--1948--until I moved to North Carolina in 1997. I was closely connected to the Clinton's political history because I was a very active part of the turbulent local elected political system--being a School Board Member, an Alderman, an At-Large City Director, a State Commissioner and a Mayor of Hot Springs from 1979 through 1994.

I thought I knew most everything there was to know about Bill and Hillary Clinton. Well!!! Dolly Kyle really surprised me with the amazing amount of undisclosed information, her vibrant and richly detailed memory, a real "Southern Belle" sass and an iron spine softened with well-bred proper social manners. She has revealed all--supported by her facts and evidence which has withstood the legal system and Congressional inquiry into her relationship with both the Clinton's and numerous other people named, discussed and quoted in her memoir. This is the woman who David Maraniss should have talked with when he was researching his landmark 1995 biography on Bill Clinton--"First in his Class". If he had made contact with her, I believe the tone and texture of his amazing book would have been dramatically different.

Thus, Dolly's engrossing book--her analysis, opinions, commentary and conclusions as a trained lawyer, her life experiences as a brilliant but emotionally damaged woman who is a rape survivor, a loving mother and a clear-eyed citizen with a deep well of conscience-- is an important read and should be thoughtfully considered before casting your vote in November, 2016. Our future depends on it.

Why it Matters

By C. Morgan

Hillary the Other Woman: A Political Memoir

Being the same age and from the same area as Bill Clinton, I remember hearing all the rumors, watching the conflicted reactions from the public, listening to the endless promises for a better tomorrow. HILLARY THE OTHER WOMAN is a book about much of America's soul during our lifetime.

We love the image of the fictional small town, good-ole-boy who understands us, feels our pain and will speak for us. We can admire the stand-by-your-man, strong woman who will fight and defend the family. We want to believe and we forgive because boys will be boys, and we are seduced by promises and requests for forgiveness.

Put preconceived opinions away as you read this Political Memoir. The Clinton world began with Billy and Dolly; Hillary enters and we are invited into the creation of today's political dynasty. Each of the three began with great promise and vast abilities, but each person had many deep flaws that became self-destructive. Time brought some changes to each, but the question facing the reader today is not about the past triangle, it is about our future.

The history of HILLARY THE OTHER WOMAN would not be important except we are now being asked to "just trust me" one more time, to look at the record and believe one more time. It is time we seriously take a look at the record, ask questions and demand why so much of the record has become smoke and "what difference does it make."

Who is the real Hillary? It's past time we required an answer and not just a self-serving comment changing the subject.

Who are we in 2016? Are we still the America that looks for promises, hope, a better tomorrow or have we become cynical with a what difference does it make attitude? HILLARY THE OTHER WOMAN is a story about power and money -- how we see that story may define who we are today and what will come tomorrow.
