*Introduction to Political Theory* is a text for the 21st century. It shows students why an understanding of

theory is crucial to an understanding of political issues. Bringing together classical and contemporary political ideas and ideologies into one book, this new text introduces the major ideologies that have shaped the modern world and the ideas that form the currency of political debate.

This comprehensive new text relates political ideas to political realities through effective use of examples and cases studies making political theory lively, contentious and relevant. A wide range of pedagogical features helps to clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of:

- Case studies demonstrate how political ideas, concepts and issues manifest in the real world
- An innovative 'How to Read' feature helps students to get to grips with primary texts
- 'Ideas and Perspectives' encourage students to appreciate alternative viewpoints
- Biographies of key political figures provide a useful context to concepts and theories
- A range of thought provoking photographs challenge students to examine concepts from a different angle
- Suggestions for further reading and weblinks are also provided to help students to further their understanding

Introduction to Political Theory is accompanied by an innovative website with Multiple Choice Questions, further case studies and links to political theory web resources

Professor John Hoffman lectures at LeicesterUniversity

Dr Paul Graham lectures at GlasgowUniversity

Aided by the use of 'real life' examples which bring classic as well as contemporary ideas to life, it conveys a real sense of intellectual excitement, challenge and relevance

Val Bryson, HuddersfieldUniversity
