Review

Skillfully nuanced characterization and an abundance of steamy sensuality give Ashley's latest impeccably crafted historical its irresistible literary flavor. --Chicago Tribune

From the Author

The Mackenzies: Rich, powerful, dangerous, eccentric. A lady couldn't be seen with them without ruin. Rumors surround them--of tragic violence, of their mistresses, of their dark appetites, of scandals that set England and Scotland abuzz. Hart, Cam, Mac, and Ian: each a tortured genius, each ready for love and darkly sensual games.

I introduced the Mackenzie family--the Duke of Kilmorgan and his brothers, in the award-winning *The Madness of Lord Ian Mackenzie*. In that book, you meet Mac, Ian's next oldest brother, and Mac's estranged wife, Isabella. Mac and Isabella eloped the night they met and experienced a turbulent and maddening marriage until Isabella finally left Mac, three years before *Lady Isabella's Scandalous Marriage* opens.

Return with me to the world of the Mackenzies while Isabella and Mac struggle together to find the understanding and the love that they long to share.

Also appearing in this story are Ian and his wife Beth, Cameron, Hart, and Cameron's son Daniel. As a bonus, I've included chapter one of Cameron's story: *The Many Sins of Lord Cameron* at the end of the book.

Enjoy!

Teetering toward a 3...

By Tabby1249

While still very well written, I'm seeing a pattern develop in the Mackenzie's series of books which for me, once the patter is discerned, there's not much reason to continue to reading the remainder of the books.

Somewhat unusually, the author began with the youngest of 4 brothers in the first book, the Madness of Lord Ian Mackenzie and then moves to the second youngest in Lady Isabella's Scandalous Marriage. As in the first book about the youngest brother, the second youngest brother is battling demons from an upbringing by a hard, cruel, unloving father. Again, as in the first book, he seeks redemption in the arms of a woman and he messes it up badly. The pattern continues with a contrived mystery plagued with several logic holes and one of the two main characters grievously injured making the other main character realize what they might lose. Finally the book ends with apologies and declarations of love concluding with a wedding between the two protagonists. Thus has been the exact plot of the first two books in the series both of which have a high sensuality rating given the number of descriptive sex scenes.

To her credit, Ms Ashley writes well which makes the journey to the ending a reasonably pleasant read. That said, the journey becomes somewhat less interesting when the outcome is a predictable, foregone HEA. The Captain Lacey series under her pseudonym of Ashley Gardner is much better.

A wonderful read

By Susan K. Saltos

The second book in the series is with Mac Mackenzie and his estranged wife Isabella. We meet the two in the first book "The Madness of Lord Ian Mackenzie and you're drawn to these two characters wanting to know more about them and of course to get them back together again. Both are stubborn firey tempered red heads. Mac spent his life carousing with his friends and challenging himself to get more and more drunk. Throughout that he loved Isabella only wanting to make her happy by leaving to give her a break from him. Isabella didn't want a break from him. She was tired of his drunkenness and never knowing when he'd take off and return home. But she loved him and she loved their good times together though there were shouting matches with both their strong personalities. In this story Mac wants his wife back and for good. He's changed his wicked ways (at least the drinking and carousing with friends) he just needs to convince Isabella he's a changed man. And he spends the story trying to do just that. A little mystery is thrown in -an imposter is posing as Mac selling paintings he did not paint. And even more dangerously he believes he is Mac (or should be -depending on his mood). Mac will do anything to protect Isabella from this madman even if it costs him his life. I thought the first book couldn't be matched. I was wrong. This book was just as good in it's own way. Another book I could not put down. I'm moving on now to Mackenzie brother, Cameron!

Enjoyable as everyone says

By Sandy Milan

I have always passed on this author's books because they seem to be modern historicals but I was encouraged by friends to try this one. I'm glad I did because I thoroughly enjoyed it. The author got me truly involved in

why the main characters marriage ran into problems and I really wanted things to work out for them. The plot with the villain was a little exaggerated but didn't spoil the book for me. I'm intrigued enough by the glimpses of the H's brother Ian, to have downloaded his book to read next.
