Hope from an unofficial source

By A. Burke

I bought this for a friend. It came highly recommended from another friend. An alternative to a medical system which now offers mind and body numbing pills almost exclusively aimed at controlling - not curing - mental illness. It is certainly at least worth a try.

Excellent help for anxiety/panic attacks

By margaretgreen

I have been using this book for 45 years, since I was 16yrs old. I carried it with me for years reading from it when I felt like I was losing my mind. Have recommended it to many many people. I recently purchased it for one of my children who is now having some anxiety problems. This book along with Recovery incorporated meetings can save your life.
