RULES OF THUMB: A GUIDE FOR WRITERS, 5TH EDITION

BY JAY SILVERMAN, ELAINE HUGHES, DIANA ROBERTS

WIENBROER PDF

Rule of thumb: A method or procedure derived entirely from practice or experience [. . .] a roughly practical method.- Oxford English Dictionary

Brevity and practicality are the hallmarks of Rules of Thumb. The 2002 APA Update Version reflects the most current APA and MLA documentation styles and remains the ideal handbook to improve grammar without overwhelming student writers with specialized terminology, or – at under \$17 in most bookstores – with expense.

Comprehensive and quick reference in one easy to use package

By A Customer

This book provides a complete, easy to understand description of all aspects of grammatically correct

writing. But what makes this book truly exceptional is the integral quick reference guides in every chapter that allow you to make a quick check when you are in the midst of your writing project. I have not found any other book that works this well for me; I have used it in place of the corresponding required text for my college English classes.

3 of 3 people found the following review helpful.

Quick and easy to use.

By A Customer

In my line of work, I often find myself in the position of writing for others as well as myself: letters, paragraphs and sometimes longer pieces. Rules of Thumb is exactly what I need as someone who loves grammar, but has been out of school for 15+ years and needs a quick...you guessed it..."rule of thumb" on a particular topic. I highly recommend it for the workplace. The pages are laid out in such a way that merely thumbing through the book allows your eye to land on the topic you're looking for. When all you need is a quick reminder, or even concise 'how, why, when and where' examples -- this is the book to choose!

Grammar and style rules in an easy-to-use format.

By A Customer

I am a college English teacher and I use this as a required text for a course about writing a research paper. I like it because it combines the rules of MLA style with some very practical grammar rules and also includes guidelines for library research.
