From Publishers Weekly

Armour's comic, kid-pleasing escapade begins when Mrs. Elmira Deeds says to a deli owner, "I would like a pickle, please." But the lone green pickle sitting in the jar refuses to be eaten and flees the deli. Running down the street, it is followed by a peanut butter-and-jelly sandwich and other comestibles, all of which cry out, "Stop that pickle!" Inevitably, the other foodstuffs are devoured and the pickle allowed to continue its flight (why it's okay to eat, say, 17 toasted almonds but not a pickle remains a mystery). Shachat (You Can't Catch Me) contributes zany childlike art: the various snacks, personified with bulging eyes and short stubby legs, race across busy backgrounds. A hoot. Ages 4-8.

PreSchool-K-A pickle that doesn't want to be eaten tries to run away, and various other foods chase him. If your readers enjoy stories about food, this might interest them at first. The illustrations, however, will send them running. They're very poor imitations of Maira Kalman and Hendrik Drescher's styles, with none of the humor, care, or detail that characterize their respective works. The writing isn't involving or clever enough for a read-aloud, and the story lacks the development of similar tales such as Jon Scieszka and Lane Smith's *The Stinky Cheese Man* (Viking, 1992) or even the traditional *Gingerbread Boy*. Ages 5-8. This might be the kind of comic nightmare to expect after reading "The Gingerbread Man" on a full stomach. The last pickle in the jar at Adolph's Deli does not want to be eaten. It escapes and dashes through city streets, pursued by an ever-growing posse of food items that cry, "Stop that pickle!" Then, colliding with a hungry little boy, the pickle faces his moment of destiny. Luckily, the boy eats the pickle's pursuers and, unlike his less fortunate Gingerbread cousin, the devilish dill is once again on the lam. The infectious refrain, deadpan humor ("Everyone knows that a peanut butter and jelly sandwich is not the fastest sandwich in the world, but it does have great endurance"), and outlandish paintings of anthropomorphized sandwiches, pretzels, and almonds will appeal to youngsters with a taste for the offbeat. Not essential, but an entertaining selection. Elizabeth Bush

Most requested book

By A Customer

We took this book out of the library about a year ago. My 3 and 5 year old girls loved it. Every time we return to the library we take it out again at my 3 year old's request. I have recommended this book to more parents and love to tell them the story line. We are buying it today to free up the library copy. STOP THAT PICKLE!

Go, Pickle, GO!

By C.S.

I got this book on the recommendation of a friend who's a children's librarian. At the time, my son was only a year old. It quickly - try, immediately! - became his favorite. I thought it was rather silly at first, but his response was quick and positive, and pretty soon, we all were laughing over the antics of the Pickle and his pursuers! "Stop Pickle Please" my baby requests on a daily basis. Bedtime is not complete without reading it, and now he even anticipates us - as soon as we turn to the page where the pickle escapes, he cries, "Go, Pickle, GO!" and then "Eeeek!" (like Ms. Elmira Deeds!) and laughs at his own joke. And a few weeks ago, he even looked up from his lunch of peanut butter and jelly and said to me, "Peanut butter has great endurance" in his little baby voice - (he's almost 2 years now). I nearly fell in the floor - I couldn't believe it! This book is terrific, absolutely terrific. The children really get into it, and my son has learned a lot of interesting words and phrases! I highly, highly recommend this book for anyone with small children.

A family favorite

By A Customer

My kids (all four of them) love this book. And I never minded reading it again and again. I originally found it several years ago on the sale table of a local bookstore and could never find it again. Happy to see it is available. It is a family favorite.
