From Publishers Weekly

Exile and loss are the principal subjects of these 12 stories from the author of *Love in the Time of Cholera*, which capture with lyrical precision the emotions of disorientation and fear, coupled with a sense of new possibility, experienced by Latin Americans in Europe. Their pilgrimages seldom achieve their goals: the deposed politician in "Bon Voyage, Mister President" sells all his personal belongings to have an operation in Geneva that doesn't alleviate his pain; the devoted father who brings the miraculously intact remains of his seven-year-old daughter to Rome in "The Saint" can't get an audience with the Pope; a particularly chilling tale, "I Only Came to Use the Phone," shows a woman accidentally taken to an insane asylum who can't get out even after she contacts her husband in Barcelona. A note of hard-won hope enters in stories like "Maria dos Prazeres," which portrays an elderly prostitute selecting her burial site, but the mood darkens again as the collection closes with "Tramontania," "Miss Forbes's Summer of Happiness," "Light Is Like Water" and "The Trail of Your Blood in the Snow," tales of suicide, murder, accidental death and tragically missed communications. Lovely prose and some poignant insights contribute to a collection that pleases in its parts but fails to strike a lasting note. But even a minor effort from Garcia Marquez is a standard toward which other writers aspire. 75,000 first printing; BOMC alternate.

The Nobel prize-winning author Garcia Marquez has collected a dozen of his stories about Latin Americans in Europe, most of which, although magical, end on an unsettling note. Thus, an expatriate ex-president is recognized by an ambulance driver bent on exploitation; a man travels from Colombia to Rome with a cello case to see the pope; a woman with car trouble finds herself trapped in a mental institution; a prostitute plans her funeral. The plots are simple, but the character study and use of language is incisive. Highly recommended for public and academic libraries. Previewed in Prepub Alert, LJ 6/15/93.

From Kirkus Reviews

Of the entire generation of Latin-American Boom writers, Garcia Marquez (*The General and His Labyrinth*, 1990, etc.) has shied away the most from writing about the expatriate experience he and his peers have so determinedly lived for decades. This book of 12 stories redresses that somewhat forced oddness. A lot is

slight here, mere sketchery (García Márquez admits in the preface that a number of the tales are reworkings of journalistic pieces or screenplays): "Sleeping Beauty and the Airplane" recounts a transatlantic flight with a beautiful stranger in the next seat, sound asleep and paying the infatuated narrator no mind; "I Sell My Dreams" is mostly an excuse for a portrait of Pablo Neruda; "Tramontania" pays homage to the madness-making wind of the Costa Brava in the form of a Maupassant-ish anecdote (much here, in fact, is reminiscent of Maupassant: little details that bloom into destinies). But included here are also two masterpieces. "Maria dos Prazeres"--the story of an old whore's mistaken premonition of death--is woven with those fluorescent touches that García Márquez is known for (the interior of a car "smelled of refrigerated medicine") and with a leisure of wonder that, happily, never seems strained. The other classic is "The Trail of Your Blood in the Snow"--as acidic a portrait of French inhumanity as satire can accomplish, but also a wizardly capsule of the strangeness all travelers feel and only sometimes can surmount. García Márquez's generosity more than his effect-making is at deepest play in both--and they do his career great credit. (First printing of 75,000) -- Copyright ©1993, Kirkus Associates, LP. In Barcelona, an aging Brazilian prostitute trains her dog to weep at the grave she has chosen for herself. In Vienna, a woman parlays her gift for seeing the future into a fortunetelling position with a wealthy family. In Geneva, an ambulance driver and his wife take in the lonely, apparently dying ex-President of a Caribbean country, only to discover that his political ambition is very much intact.

In these twelve masterly stories about the lives of Latin Americans in Europe, García Márquez conveys the peculiar amalgam of melancholy, tenacity, sorrow, and aspiration that is the émigré experience.

This book was part of an order of three books. Two of them arrived really fast but the third one came up very late. Other than that, the book was in good condition (same as stated)
