Locate the most preferred and required e-book **The Psychology Of Driving On Rural Roads: Development And Testing Of A Model (Verkehrspsychologie) By Gert Weller** to read now and also here.

From the Back Cover

Rural roads constitute the most dangerous road category with regard to the number of fatal accidents. In order to increase traffic safety on rural roads it is necessary to take into account not only their inherent properties but also their effect on behaviour. Gert Weller develops a psychological model for driving on rural roads which is validated in three empirical steps: laboratory, simulator and driving experiments. His results provide insight into the possibilities of how driving behaviour on rural roads can be influenced and give practical guidance for the enhancement of rural road safety.

The book is written for psychologists in the fields of traffic psychology and human factors research, traffic engineers, road planners as well as for political decision makers in traffic planning departments.

About the Author

Dr. Gert Weller is a senior researcher and human factors consultant at the Chair of Traffic and Transportation Psychology at the Technische Universität Dresden.
