This Book is Okay -

By Cheyenne

The book is very informative, however, I feel that it could be better written instead of "Aurora Sauce - Cream based sauce mixed with stewed tomatoes." Its hard to understand what I, as a budding chef, need to add to it. Do I add it to taste? Do I add a certain amount? It doesn't really specify. I also feel like this book needs pictures. Better pictures than the diagrams, those are okay, but it needs pictures of what the sauces look like. That's what I would recommend.
