But, with this soft data, you could take pleasure in reading in the leisure also in the spaces of your tasks in office.

# **TICK OF THE CLOCK BY TRAVIS CLEMMONS, MICHAEL Z. WILLIAMSON PDF**

A man awakens in a 21st century Illinois hospital, holding very distinct memories of being shot in Switzerland decades earlier. The nurse calls him Detective Crabtree and says the DuPage County Sheriff will be by to check on him shortly. Yet he remembers his name being Sherlock Holmes.

When Sabrina Worthington is killed during a home invasion, her billionaire husband has an ironclad alibi. But Adam Worthington does not appear to be the grieving widower people would expect to see. Meanwhile, their former girlfriend keeps tugging on every possible string to convince the authorities to indict the man for murder.

By the tick of the clock, it would seem impossible for a man to be shot in the 19th century and wake up more than one hundred years later. It would also seem impossible for a man to shoot his wife while she's at home and he's at a theater thirty miles away. But when the seemingly impossible is properly analyzed, will Holmes determine the improbable truth behind her death and his life?

The story and plotting were clever, but the writing ...

By E F T

The story and plotting were clever, but the writing never engaged me, and I'm a character reader who was actively put off by several of the characters. Unlike another reader I wouldn't call the prose purple - quite a lot of it read as too detailed in a clinically dry style that didn't work for me. Also it needed another editing pass to catch the homonym problems such as 'peaked' for piqued (as in piqued his interest) or 'rein' for rein. Saw several of those. Skimmed a lot of sexual stuff.

But I will tell you the draft I read was excellent. The pacing was superb

By Patrick Richardson

I read this in beta, so I haven't seen the final version. But I will tell you the draft I read was excellent. The pacing was superb, the plot moved along well, and certain elements left you guessing even at the end.

This is a wonderful take on the Holmes mythos and was a completely enjoyable read. Pick it up.

A very interesting detective story

By J

This book both caught and held my interest through it's entirety. It is well-crafted and the plot lines while intricate are not confusing. I look forward to a second book.
