City girl moves to the country and finds herself involved in a love triangle with two great but opposite type men..

By Cindy O

I've love and can't get enough of this author's darker series and Stars Landing was the only series I hadn't read of hers. It's more on the lighter side and mostly is centered around the small town in PA and its close nit residence. Some of the books are more serious and others plenty of humor with each having some suspense in them. The characters all cross over into each of the books so we get to continue to see how a previous couple is doing even after their book.

We were briefly introduced to Sam Flynn and Annabelle Goode in the first book. Sam was Hannah's childhood friend who she ran to when her stalker problem escalated. This book and all the future books totally take place in Stars Landing.

Annabelle comes to Stars Landing when she inherits herb farm from an distant Aunt. Sam owns the goat farm next door. For most of the book Annabelle dates both Sam and Eric who is the town mechanic. I am not a fan of love triangles especially when you really like both men (no worries though– Eric’s story is the next book).

There is some light suspense along with the romance and of course we get to meet more of the town’s quirky characters.

Adorable story with a little mystery added.

By Nikki

This is a very cute story. Anna, who just inherited an herb farm, finds herself torn between two completely different men who are smitten with her.

Sam is the sexy, dependable, reliable Hottie goat farmer neighbor, and Eric is the freaking gorgeous Manwhore, player, sexy, hottie who melts all women's panties and now has his sights on Anna.

This is the story of Anna figuring out which hottie is the hottie for her innocent virginal heart. I'm not giving anything away. Very cute story with a little mystery happening in the background. Looking forward to starting the next in the series.

There are 2 hunks very interested in Anna and she likes both

What the Heart Wants - Jessica Gadziala

I have now read the first 2 books in this series by Jessica Gadziala. Can't get enough and am about to hit the third one. I love Jessica's writing style and her characters are so much fun.. Each is an individual and that Maud! lol She's a character. Centered around the town of Stars Landing the couples who are falling in love, like it or not, are very interesting to get to know. In this second book we have Annabelle, aka Anna who just inherited a farm from her aunt MAM. There are 2 hunks very interested in Anna and she likes both of them. Who will she chose??? Half the fun is in the slow burn while she figures out who her heart belongs to. :)
