“I wanted to say I bought just the four books by Wiley for each CPA section and took all 4 parts of the exam in May 2009. I studied for about half a year, and I PASSED ALL 4 PARTS ON THE FIRST TRY!!! 95% REG, 88% FAR, 82% AUD, 81% BEC. I am very excited and happy that these books alone helped me pass!”

this book does better job helping you understand the fundamentals and exam questions

By Ram

I've used Becker and Roger CPA for AUD. Passed all other parts using Becker but couldn't pass AUD on my first try. Decided to use Wiley book when the result of the exam revealed weakness in multiple choice section of the exam. This book is very well written and broken out by relevant sections (including the questions). Compared to the other two prep books, this book does better job helping you understand the fundamentals and exam questions. Wish I used this book to study AUD the first time.

I would recommend this book only as another source of practice questions

By Lawrence Lam

I have used Wiley books in the past 2 sections of the CPA exam I took (FAR and REG) and they were very helpful. This one for AUD however, seems to be lacking. I found a few questions not to have any support in the book. The only hint of why an answer was right was in the answer key, and NOWHERE else in the book. I would recommend this book only as another source of practice questions, but not as a primary study source.
